

Newsletter, volume 1 International Gas Union Research Conference - IGRC, 19-21 October 2011

International Gas Union Research Conference (IGRC) is No. 1 R&D conference in global gas industry to be held under the auspices of the International Gas Union (IGU). The IGRC provides an excellent opportunity for interactions among very different delegates from the institutions and companies that have gas research in common or benefit from the results. IGRC2011 will be hosted by the Korea Gas Union in Seoul in 2011. Building on its accumulated experience and expertise in hosting many international gas related events, KGU will make the IGRC2011 conference a successful one.

IGRC2011 to participate in WGC2009 Exhibition

The IGRC2011 NOC will be present with a stand at the World Gas Conference which will take place in Buenos Aires, Argentina from 5-9 October 2009.

Venue Information

Host Country: Korea

Located at the center of the Northeast Asian region, Korea has for thousands of years been the confluence where East meets West. Korea today is fascinating blend of old and new, and visitors will experience the essence of its glorious 5,000-year cultural heritage.

Venue City: Seoul

Seoul is the capital of Korea with over 600 years of history. It is the heart of Korea's culture and education as well as politics and economics. Seoul is unique in that historical sites and modern cultural facilities coexist in harmony. Located in a temperate zone and blessed with four distinct seasons, Seoul is a flourishing metropolis of over 11 million people. But despite being one of the world's largest cities, it is remarkably safe, and visitors can enjoy the city's vibrant culture any time day or night without worry.

COEX

COEX, the venue of IGRC2011, is the No. 1 convention facility in Korea. It boasts 225,000 square meters of space and state-of-the-art exhibition and convention facilities. It is located in central business area and has already hosted a variety of international events including LNG13. COEX has multiple luxurious hotels within walking distances, direct access to Seoul's subway system, and a shopping mall and entertainment center under the same roof.
